

David L. Foster, II

Software Engineer

Acworth, GA | (407) 709-8738

dlfosterii.com | github.com/dlfosterii | linkedin.com/in/david-foster-9035768 | dlfosterii3@gmail.com

Creative software engineer with the ability to pick up new languages and technologies as needed. Prior to this career change, I worked as a Stage Technician/Lighting Designer, Training & Development Professional, and licensed Insurance agent. I discovered coding as a way to transfer my theatrical creativity, curiosity, and problem-solving skills to building engaging websites and programs.

Software Development Skills

- Debugging, HTML/CSS, JavaScript, Python, AJAX/jQuery, Node.js, Express, React, Redux, React Native, RESTful API, PostgreSQL, Sequelize ORM, Relational Databases, RESTful APIs, pg-promise, Bootstrap, Heroku, Agile software development, remote software development

Education

DigitalCrafts | Certificate in Software Engineering | Atlanta, GA March 2020 – July 2020

- Software engineering training program covering full-stack development including, but not limited to, JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL.
